TOM LANTOS AND HENRY J. HYDE
UNITED STATES GLOBAL LEADERSHIP AGAINST HIV/AIDS, TUBERCULOSIS, AND MALARIA RE-AUTHORIZATION ACT OF 2008

The SPEAKER pro tempore. Pursuant to House Resolution 1065 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the State of the Union for the consideration of the bill, H.R. 5501.

□ 1215

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the State of the Union for the

consideration of the bill (H.R. 5501). To authorize appropriations for fiscal years 2009 through 2013 to provide assistance to foreign countries to combat HIV/AIDS, tuberculosis, and malaria, and for other purposes, with Ms. NOR-TON in the chair.

The Clerk read the title of the bill.

The CHAIRMAN. Pursuant to the rule, the bill is considered read the first time.

The gentleman from California (Mr. BERMAN) and the gentlewoman from Florida (Ms. ROS-LEHTINEN) each will control 1 hour.

The Chair recognizes the gentleman from California.

Mr. BERMAN. Madam Chairman, I yield myself such time as I may consume.

Madam Chairman, on the President's request 5 years ago, Congress launched a global campaign to stop the spread of HIV/AIDS and to treat and care for those who are already afflicted. The United States Leadership Against HIV/AIDS, Tuberculosis and Malaria Act was a bipartisan bill from its inception. Today, the Foreign Affairs Committee again brings a bipartisan global HIV/AIDS bill to the floor, and again this important reauthorization bill enjoys strong support from the White House.

The negotiations that brought forth this compromise bill were conducted in the same bipartisan spirit that guided the 2003 act into law, a spirit made possible by close cooperation between two former chairmen of the Foreign Affairs Committee, our late colleagues Tom Lantos and Henry Hyde, and I am pleased to note that this important reauthorization bill is named for these two foreign policy titans in recognition of their contributions to battling HIV/AIDS overseas.

As a direct result of the extraordinarily successful law we passed 5 years ago, the United States has provided lifesaving drugs to nearly 1.5 million men, women and children; supported care for nearly 7 million people, including 2.7 million orphans and vulnerable children; and prevented an estimated 150,000 infant infections around the world.

The 2003 legislation firmly established the United States as the leading provider in the world of HIV/AIDS assistance for prevention, treatment and care. It has reminded the global community that Americans are a compassionate and generous people, and so has helped to repair our Nation's badly-damaged image overseas. In many ways, that legislation has had great healing power.

Most importantly, with this initiative we have ensured that HIV/AIDS is no longer the certain death sentence it was just 5 short years ago. Hospital corridors that were jammed with AIDS patients waiting to die now brim with hope as lifesaving drugs are dispensed.

The reauthorization bill before the House today reaffirms our commitment to the programs and policies established 5 years ago. The 2003 legislation
